Serials and Prices Panerai This information is courtesy of Dave Oliver who is available to answer any questions you may have. A: The site to look up serial numbers is Romain TARDO. I have used him before and found what I needed. A: The - possibly incomplete - answer of @Overlord stopped me at serial numbers from the 30's and 40's but the vendor mentioned many, many other watches he has and kept or sold. So I think I might finally get my hands on a watch of the old-fashioned company. Thanks for all the help though. Great link: Thanks for the link @Tom Burke If anyone is interested in the Swiss movement with dot-matrix digits for manual winding: Thank you again. I think those are my answers. P.s.: The link to my watch is in my profile picture. Should you be worried about your heart health? A recent study suggested that women who have gone through menopause may be at a higher risk of heart attacks, and that tends to make a lot of people nervous. It's a risk that men and women are familiar with. Health professionals use the phrase "menopausal heart" to describe the stresses that the heart must endure during this phase of a woman's life. But these days, as many women reach their 50s and 60s, experts are wondering whether these changes translate into a longer life for the heart. Why the concern? Most people whose heart attacks occur between age 40 and 70 – when they are in the middle of a healthy, active life – are men. Women, on the other hand, tend to be slower to develop heart disease because their lives are punctuated by the ups and downs of having children and being pregnant. "Men are the most regular cardiac patients," said Dr. Robert B. Eastman, chairman of the Department of Internal Medicine at Albany Medical Center in New York. For this reason, many doctors

Category: Lists of watch brands Treatment and outcomes of tachycardia in patients with chronic heart failure with reduced and preserved ejection fraction. The incidence of atrial tachycardia is high in patients with chronic heart failure (CHF). The aim of this study was to assess the clinical effectiveness and safety of several anti-arrhythmic drugs in CHF with either reduced ejection fraction (CHF-REF) or preserved ejection fraction (CHF-PEF). This was a multicenter, prospective registry of consecutive patients with CHF-REF or CHF-PEF enrolled in any of the anti-arrhythmic drug treatment studies conducted by the Heart Failure Association of the European Society of Cardiology (ESC) or the Heart Failure Association of the American College of Cardiology (ACC)/ESC. A total of 1040 patients were enrolled in the anti-arrhythmic drug treatment studies conducted by the
