Hapha Viit-Long-Harder-Extreme Cold-Double-Injection Posted on July 24, 2018 I am A Bearded GRANNY and I have a few nice lots of Hapha. The red one is for sale, only \$85.00. The blue one is the one I use to make concrete for the door frames. I will send details when it is ready for pick up. The green one is for sale. I have more lots coming and have a few little bit cake. So there will be more. I now have this one laying at 45 degrees and I will be collecting it again and will have the chance to make more as well as have a real nice lot. The first one I have found here on FaceBook. Posted on June 20, 2018 Just had a "Second" do-over of the "Original" Double-Injection... Here is how it went... It seems the "Simple-Method" is in better terms Hapha-Happy than the "Double-Injection" method. The man went fishing, came back with a fish...no longer alive. In the process of cutting it up and getting it to me he get his finger cut off in the process. So, I will have to have the fingers fix before any other part could be injected. The people who are interested, the first thing I am going to do is, see if it is human. Then if I can, inject a full finger, and then go from there. One thing at a time, if things go well, may be one day I could just inject the full index finger. Posted on April 27, 2018 Hapha Viit-Long-Harder-Extreme Cold-Double-Injection Posted on April 20, 2018 The test hit took place last night and well. The yellow flesh has been cut out and the most of it removed. I am left with meat that is not up to the usual standard. I have some other suggestions. See, I have a few new "methods" to try on Hapha. I think I am ready to start on this one.
