System Requirements For ControlDeck For EeeSlate:

This dungeon requires 1.4+ client patch. Note: Due to our technical support policy, we will not support this dungeon in previous versions. Login may require a Japanese language pack to be installed. The game will close when a player enters a room or area that has not been pre-set to allow players to explore it. Please note that pre-set rooms will not be deleted. Players may not save after entering a room or area. There may be players who do not have sufficient "item" points.
