What's new:

- **Get ready for your next pre-season by building and customizing your very own trainer to suit your needs**
- **Feel like you’re right in the middle of the pre-season action, thanks to the new Close Control mechanic**

-
- **Exciting new Ultimate Team Mode** - where you can compete in weekly tournaments both with friends and against if you have one. Need a leg up? Enter the Global Leagues, where your manager will have his hat at the ready
 - **Hazard Detection** - Micro movements, post-calls and rapid responses have been evaluated throughout the year to work better than ever
 - **New in-game Cinematics** - new features, looks and storytelling bring your game to life like never before
 - **New Authenticity** - with a powerful deep learning engine driving the game's AI, you'll feel more like you are really managing a real club, not just a simulator like before
 - **New movement and animation systems.** Now your players move and run with greater fluidity, footballing intelligence and true-to-life player animations. Moreover, coaches and players execute more realistic moves, demonstrate and collaborate when the tactical situation necessitates.
 - **The return of free kicks and penalties.** Whether you need a looping, chest-high shot that virtually sails over the goalkeeper for your first goal or a glancing cross to set up a counter attack. Or if you have the knack and are brave enough to take one the longest shots from any kicker in the game.
 - **FIFA 22 introduces the ball physics** - a leap forward in ball physics where forwards can cut and bend the ball as they run towards the goal, dragging the ball on the ground as they vault over opponents.
