Artifact Adventure is an oldschool-inspired adventure with a deep story. Enjoy classic JRPG gameplay, interesting battles and an awesome world. More than 70 hours of gameplay – and still counting... – The oldschool artstyle makes a comeback in this new and improved game version! – Play as one of 14 heroes in more than 300 battles with the classic turn-based combat system – Experience the story of a kingdom at war with neighboring countries – Enjoy the evolving story and the storyboard, take your decisions, change the story – Play as a male or female character, its up to you – Perform upgradable “techniques” in battle to increase your skills – Earn money in battle to buy armor and weapons – Explore ruins, dungeons and other game elements – Master new elements and use them to your advantage in battle – Go on countless quests, perform multiple sidequests, solve mysteries and more – Classic music tracks from all over the world! About This Game: This is a game with a long history. To celebrate the anniversary, we are presenting the full game and its content in a special way, adding new features and elements, completely new content and more. The game was originally inspired by oldschool “arcades” like The Incredible Machine, Pong or Bejeweled, and has the unique feature that not only your performance on the field is continuously visible for both you and your opponent, but the outcome of your battle as well, including who got the better items and what new achievements you’ve earned will be displayed after every battle – live! Your opponent also gets notifications of all your actions. This game will keep you on your toes and on the edge of your seat! This is not a timed game where you have to fight all kinds of creatures before time runs out. Your battles are all about exploration and discovering new elements – those are the true challenges of this game. For the first time ever, you will play a classic “Turn-Based RPG” with a completely different kind of gameplay! The gameplay is also simple: In this game, the player is represented in a simplified fashion as a “person” that can perform actions in a turn-based fashion and get rewarded for it. Most actions are unlocked as you earn or collect certain items, and require special “Techniques” which can be activated in battle to help you – such as magic spells that raise

**Features Key:**

A large selection of a variety of challenges, from conventional to unusual (mazes, etc.)  
Player can create, edit, share, and replay their own creativity  
Lots of different game modes: Levels, Bosses, Workshops, etc.  
It's free, though there are optional purchases that will unlock additional content

## **The Vortex Download For PC**

To access the story mode, in the Arcade Menu click "Vortex" at the bottom right of the screen. To access Multiplayer, in the Arcade Menu click "Vortex" at the bottom right of the screen. To access Survival, in the Arcade Menu click "Vortex" at the bottom right of the screen. To access Practice Mode, in the Arcade Menu click "Vortex" at the bottom right of the screen. GAME MODE DRIVING METHOD Press Space to toggle the driving method. HOMERUN: The player drives through levels of various types of obstacles, to rescue the other people. Whenever the player meets another person or is rescued, they get a score and their health gets increased. SPECIAL DRIVING METHOD The player drives on a course that contains various objects or enemies, but they can change their path and attack the opponents as well, as long as they don't kill the people that they are saving. The player will get a score based on the amount of people that they help, and the enemies that they destroy. ATTACK MODE This type of level can be played in any mode. The player has to pass through a specified number of enemies or their bodies will disappear and a score will be given to the player based on the total number of enemies passed. LIVE SCOREBOARD Once a player completes a level in a gameplay mode, they can see their score on the Live Scoreboard. TOTAL SCOREBOARD A player can see how many levels they have completed with a certain score, and by completing all levels with the highest possible score in a game mode, a player will unlock a special Trophy. SUBTITLES Multilingual game with different languages for each playable character and some of the in-game text. GRAVITY -In gameplay, when the game difficulty is set to "Extreme", the game plays on the negative part of the acceleration and deceleration scale, so that objects move slightly faster than you would expect, making it feel more challenging. The severity of the effect depends on the player's speed. -In practice and survival modes, when playing in a match, the game tries to set the acceleration and deceleration so that there is an equal amount of everything, including speed. -In the case of the run and jumping mechanic, there

**What's new in The Vortex:**

**110 Indoor Table Tennis Table is compact and pocket-sized, making it great value for money. It is designed to be portable, and can be used wherever you need it, but is equally at home in any lifestyle or budget. Compatible with racket frame covers, it can be used as a shooting table or wall mounted when space is limited. Great Table For All I bought this table for a local indoor centre, we had an initial issue due to a bent knee plate on the table which we fixed. Once that was dealt with we have not had any issues to report. My table arrived back from the shop 6 days from ordering, they delivered the table with no problems, I called the shop just as a precaution, i.e. just in case i needed to get a spare part/ something else or just check that everything was ok. The table arrived, its just as stated, its affordable and a great table for playing table tennis indoors. Good Value for Money Purchased this table to use in our basement rec room. The table arrived in 2 days from ordering to our door. The table is smaller than the footprint was I thought (and had in mind) and initially was considering a table much smaller as the breakages and maintenance with this table would have made for a costly proposition. However, with the table being smaller you do have to consider the dimensions of the racket used. I chose a standard size of 19.4" x 9" and used a standard sized steel racket (size 8.5-9.5 standard) and used it for 2 years with no problems. For the time and money (around £250) it is a fabulous table. It is versatile so you can use the frame on a shooting table if you wish, or wall mounted and is easily folded up and put away when not in use. I would recommend to anyone considering a table I used to play on. Good Value For Money... I bought this table which I think is very good value for money as I think it's a practical but good quality table, it arrived in good condition promptly. The ring around the table is a little cheap but you can remove this fairly easily with the quick release plate attached. I have had no issues with it. Happy Table - A very good value for money option. Table arrived quickly and good quality. We have used this table for the last two months and have been very happy with it. It is only 10**
