Desktop Stop Watch Widget is a small utility that can help you keep track of time spent performing a certain task. The program has a highly simplistic interface so it should be quite easy to figure out how it works. The program has a highly simplistic interface so it should be quite easy to figure out how it works. Desktop Stop Watch Widget is, as the name suggest, a gadget that is placed on the screen. Once you start it by using the interface button, it calculates the time in the smallest relevant detail: specifically in hours, minutes, seconds and milliseconds. The timer can be paused whenever you want and resumed at will. Furthermore, while paused, the timer can also be cleared by clicking the "Reset" button on the interface. The program's frame is quite large so it can be viewed from any corner of the room with great ease. The app is quite straightforward and doesn't come with any additional settings. This means that it can be used by inexperienced individuals without problem. Unlike other similar tools that integrate into the Windows Gadget area or require other apps, such as Google Desktop and Yahoo! Widget Engine to work, Desktop Stop Watch Widget functions with the help of Adobe Air. The bottom line is that Desktop Stop Watch Widget is a nice tool that can be of great use. Inexperienced individuals should find it easy to work with, thanks to the intuitive interface. What's new in this version:Version 1.0.4.0: Minor improvements. Abrams has confirmed that he is developing a sequel to "Star Trek." Speaking at the UK press junket for "Star Trek Into Darkness" (out May 17), Abrams suggested the next installment will focus on Kirk and Spock. "We are very much moving into 'Star Trek 2.' That's what we're in the very early stages of planning right now," he told reporters. "It's very exciting to me." Bryan Burk, co-producer of the first "Star Trek" film, also chimed in. "I think J.J. is going to be making a big push for it," Burk said. "I think J.J. thinks of the franchise as really being about him and his friends from college, and I think he wants to see what it would be like if they all came back together." STUDIO RESHOTS 'STAR TREK INTO DARKNESS' AFTER THORRING SKYDIVE Star Trek, originally launched in 1966, is about an interstellar peacekeeping organization called the U.S.S. Enterprise. The cast of the series included William Shatner, Leonard Nimoy, George Takei and James Doohan. The show, which ran for three seasons, was then relaunched in syndication in the 1980s under a new title, "Star Trek: The Next Generation." The first movie, released in 2009, featured Leonard Nimoy, Chris Pine, Karl Urban and Zoe Saldana as Kirk and co-stars Kate Mulgrew, John Cho, Simon Pegg, Anton Yelchin and Bruce Greenwood. "Star Trek" was always meant to end with the final "Star Trek" TV series. After the show's cancellation in 1989, the production of a third movie fell by the wayside until 2009's reboot film.
