## **Unbrickable Resurrector For Windows Download \_VERIFIED\_**

November 11, 2011 - New UnBrickable Resurrector allows you to monitor your device's firmware loading because it is "boot mode". It currently takes 3 minutes to load, but will be increased to 60 seconds. UnBrickable Resurrector is a smartphone app that will allow you to restore your device without having to reconfigure and reinstall apps. It will help you reboot your device and check if your mobile device's firmware is corrupted, which may cause it not to load properly when you do so.

Last week, Hillary Clinton seemingly indirectly called out Donald Trump as “unfit to serve,” telling an audience at an LGBT fundraiser that he is “temperamentally unfit to be president of the United States.”

“I’m telling you, this is dangerous,” she said, according to her campaign’s summary. “He is erratic, and his values and principles are not always the same. He says one thing, and then is something else. And there is just no telling what he will say or do.” “Think about it:

He's taking nuclear weapons off hair trigger alert and lowering the guard at our military bases. Just a few days ago, he said he would consider firing the secretary of state, and then said he wouldn't. It's hard to keep up." "Surely, we cannot elect a president who is temperamentally unfit to be commander in chief." Hillary had previously implied that Trump is mentally unfit to serve as president. "I think that he's setting our country up for a long-term economic decline — losing our middle class, getting even worse for the middle class," she
